

DuPont™ StoneTech® Professional Honing Powders

TECHNICAL DATA SHEET

PRODUCT BENEFITS

- Creates honed finishes
- Sets up stone for polishing and shining
- Different grits eliminate mild to deep scratches
- Non-acidic

RECOMMENDED SURFACES

Natural stone such as marble, limestone, travertine and terrazzo.

AVAILABLE SIZES

1.9 lb Bottle, 25 lb Container

Available in 180, 280, 400, 600 and 800 grit

COVERAGE

600 grit: 1,000–2,000 sq ft per pound

800 grit: 750–1,500 sq ft per pound

TECHNICAL INFORMATION

Form:	Powder
Density:	3.6
HMIS Rating:	2,0,0

DIRECTIONS

Read entire label before using. Use only as directed. Always test in a small inconspicuous area to determine ease of application and desired results. Allow new grout installations to cure for a minimum of 72 hours prior to application. Make sure surface is clean, dry and free of waxes and coatings.

1. If surface is heavily soiled, pre-clean with DuPont™ StoneTech® Professional KlenzAll™ Cleaner if needed.
2. Mask any surfaces not intended to be treated.
3. If you are using a variety of abrasive grits, ensure that the surface is well rinsed and a new pad is used for each changeover.
4. Apply approximately 1/2 cup Honing Powder plus 1 cup clean water to stone surface.
5. Refinish using a hand orbital sander or weighted floor machine at 130–140 lbs., 175 rpm, fitted with a natural hair pad.
6. Keep compound wet while refinishing with plenty of water. Add Honing Powder as needed.
7. Refinish area until the desired level of hone has been achieved.
8. Rinse well and use a wet vacuum or hot water extraction unit to remove all remaining compound.
9. Clean equipment with water.

Use successively higher grits of Honing Powder to close the face of the stone and follow with DuPont™ StoneTech® Professional Polishing Powder and DuPont™ StoneTech® Professional Shining Powder as applicable.

STORAGE AND HANDLING INSTRUCTIONS

CAUTION: MAY CAUSE MILD EYE AND RESPIRATORY IRRITATION. Do not ingest. Avoid contact with eyes and skin. Avoid inhalation of dust. KEEP OUT OF THE REACH OF CHILDREN.

EMERGENCY/FIRST AID PROCEDURES

Ingestion: Do not induce vomiting. Call poison control center. Drink large quantities of water. Call a physician.

Eye Contact: Flush thoroughly with water for at least 15 minutes. Remove contact lenses, if applicable, and continue flushing. Call a physician if eye irritation persists.

Skin Contact: Wash skin with mild soap and water. Call a physician if skin irritation persists. Launder affected clothing before re-wearing.

Inhalation: Remove to fresh air. Call a physician if respiratory irritation persists.

The DuPont™ StoneTech® Professional product line complies with all federal, state and local VOC regulatory requirements and is packaged in containers with at least 25% post-consumer recycled material.
